

Advertise in the #1 Perimeter Security Newsletter Reach over 250,000 Perimeter Safety & Security Leaders

The smartPerimeter.ai newsletter is highly read by subscribers with over 50% open rates. And advertisers are getting results from a 4.9% click-through rate.

Advertising Performance Report, August 2025

smartPerimeter.ai unites the builders, sellers and buyers in the \$20B US Perimeter Safety & Security market with laser-targeted content that engages readers with unique and vital information. Only smartPerimeter.ai provides the resources and solutions buyers need to do their jobs.

smartPerimeter.ai is the market megaphone for perimeter safety and security solution providers. Raise your volume here:

Reserve your space today!

SPECIAL Q4 OCTOBER AND NOVEMBER/ DECEMBER PACKAGE:

Your Banner Ad will appear in the October and November/ December newsletters and on the smartPerimeter.ai Website through 12/31/2025 at a **special \$2,500 rate**. **PLUS**, you will receive First Right of Refusal for your advertising position in 2026.

SmartPerimeter.ai 2025 Q4 Promotion

THE OCTOBER NEWSLETTER

SPECIAL EDITORIAL FEATURES!

Vehicle Storage Yards: Vehicle Theft, Parts Theft, Vandalism, and Unauthorized Access all contribute to the high risk faced by this sector. Beyond property and asset losses, business resilience is highly compromised as a result of not stopping crime. The best solutions and case studies are explored.

Intermodals: Why is Intermodal Cargo Theft Surging? Intermodal shipments are most vulnerable to theft while containers sit stationary in rail yards, depots, and switching terminals. smartPerimeter.ai explores the strategies and technologies that are preventing crime.

Identity: Speeding people through airports with curb to couch using advanced identify solutions is on the rise. The best practices to ensure privacy, compliance, and customer success are detailed.

Access Control: All About Gates. Managing vehicle entry and exit is a vital part of effective security and efficient business operations. Smart Gates layer solutions to ensure safety and security results.

5 Questions for Smart People: Larry Bowe, CEO, PureTech Systems.

Special Event Co: ISC East PERIMETER SECURITY EDUCATION TRACK

Sponsored and Produced by smartPerimeter.ai in partnership with The Security Industry Association & ISC East. smartPerimeter.ai will sponsor and produce the First SIA Perimeter Security Education Track at ISC East this November 18–20, 2025, at the Jacob Javitz Convention Center in NYC.

Reach your buyers in perimeter safety and security!

Why smartPerimeter.ai?

The Media & Marketing Megaphone for the \$20B U.S. Perimeter Safety & Security Market

- Vital, Purpose-Built Content 100% focused on perimeter safety & security

SmartPerimeter.ai 2025 Q4 Promotion

YEAR-END NOVEMBER / DECEMBER NEWSLETTER SPECIAL EDITORIAL FEATURES!

Active Shooter Defense Planning: Stopping an active shooter starts at the perimeter with identify and demands strategy, technology and processes for surveillance, analysis, communication, and response. We explore the solutions being deployed by businesses, educational, government and healthcare institutions before shooters reach their doors.

Water Utilities: Dams, Reservoirs, Treatment Facilities. Municipal Water Services: The persistent threat of vandalism, sabotage, and criminal activities against water utilities can heavily disrupt metropolitan areas. This special feature focuses on how risk assessments are leading to the implementation of smart fences and barriers, electronic security, and aerial patrols to ensure public safety and facility resilience.

Identity: At the Borders: The United States has land, water and air borders that require constant vigilance and defense. How is the federal government expanding its coverage, intelligence and tracking to sort identities quickly, accurately and electronically? We found out.

Access Control: Emergency Services Facilities: Superior physical security, especially for public safety facilities like police and fire stations is necessary to ensure resilience and reliability for the stakeholders. The best solutions are presented.

5 Questions for Smart People: Dennis Crowley, COO, Asylon.
